

constitutional rights to which I am entitled when litigating civil suits in U.S. District Courts. Have caused me monetary losses (actual damages) exceeding \$13,000,000 (thirteen million dollars). (This calculations has been done by adding the most likely amounts that I could have been awarded if the law suits had been allowed to proceed, and be disposed of fairly).

Upon information I have obtained, and based in my own believes, my legal and constitutional rights *were suspended (violated) by an Executive Order* issued in the year of 1982 by the President of the United States a Mr. Ronald Reagan.

Since that year, such order has been regularly updated and re-issued by Presidents George Bush and Bill Clinton. The Executive Orders have denied me the right to obtain relief in Federal Courts for injuries that I've suffered during the past fourteen (17) years **at the hands of former employers and U.S. Government officials, alike.** It is my understanding that the argument of "Protecting the National Security of the United States" was used as the main excuse to persuade Federal Judges(at the *district* and *appellate* level) to rule against me in the following law suits, which I have filed since the year of 1982 in several states of the Union:

1. CABAL v. PRIVATE LABEL COSMETICS, Inc. Civil #: 82-4189 SA. District Court Of New Jersey.

Unlawfully dismissed by judges H.L Sarokin/Serena Perretti in spite of overwhelming direct and circumstantial evidence in support of my claims. An Executive Order signed by President Ronald Reagan, and enforced by U.S. Attorney General Mr. William.F.Smith, which was presented to these judges, was main reason for the suit's dismissal. Damages estimated at: \$1,00,000 dollars

2. CABAL v. METROMEDIA, Inc., et al. Civil #:84Civ0781(DNE). District Court-Southern District of New York.

Unlawfully dismissed by judges David Edelstein/Ruth Washington , in spite of overwhelming evidence in support of my claims. An Executive Order signed by President Ronald Reagan, and enforced by U.S. Attorney General Mr. William.F.Smith, which was presented to these judges, is accredited as main reason for the suit's dismissal. Damages estimated at: \$2,000,000 dollars.

3. CABAL v. ENVIRODYNE ENGINEERS, Inc. Civil#:82-2079C(2). District Court-Eastern District of Missouri.

Jury tampered with, and suit unlawfully dismissed thereafter by judges Edward Philippine/David Noce, in spite of overwhelming direct and circumstantial evidence in support of my allegations. An Executive Order signed by President Ronald Reagan and enforced by U.S. Attorney General Mr. Ed Meese, which was presented to these judges, was main reason for my "*railroading*" in these proceedings. Damages estimated at: \$2,000,000 dollars.
